

Annot – Based Events (SE France)

Sand-Rich Fan Systems

What's here?

Excellent exposures of deep marine clastics systems in a linked basin setting.

Reservoir architecture of submarine fans in confined basins with high net-to-gross reservoirs. Spectacular examples of reservoir margins in stratigraphically trapped fields. Supported by outcrop-based static, dynamic and seismic models, including 4D forward-modelling for production performance.

Access

Partly road-side, some local near-town walks, some strenuous walking.

Logistics

Annot, SE France; fly in/out Nice. Optional night in Nice (depending on flights). Drive in to Annot on day 1 taking in outcrops around St Antonin. 2 – 3 nights in Annot. Optional last night in Nice.

Duration

Full day 3 to 5 days

3 - 5 days, depending on content. One day travel in UK-Nice, one day return.

Designed for:

The course is designed for Geoscientists, Petrophysicists, Reservoir Engineers and Well Engineers. Ideally structured for groups working in multi-discipline asset-based teams.

Course Tutors

Mark Bentley PhD
30+ years - geoscience
Mark develops and runs courses in the Reservoir, E&P Overview, Open Air series. He has a career background at Shell, AGR, TRACS and Langdale Geoscience. Mark is co-author of 'Reservoir Model Design', SPE and EAGE distinguished lecturer, former training director for both AGR and TRACS. Associate Professor Heriot-Watt University

John Howell PhD
25+ years - geoscience
John tutors courses in the Reservoir and Open Air series. He has a career background at Gaps, University of Liverpool, University of Bergen, Rocksource ASA, and the University of Aberdeen. John has published over 120 scientific articles and edited five books.

Richard Oxlade MEng, CEng, BSc
40+ years - reservoir engineering and commercial
Richard runs courses in Reservoir and Business & Risk series. He has a career background at BP, AGR and TRACS. Richard is a global advisor, business planning & economic analysis.

Maggie Hystad Murison
Training Manager
25+ years - Maggie, as Training Manager, oversees the global TRACS Training Programme and organises all open-air and classroom events, handling in-country logistics and HSE representation. With a background in retail and extensive experience as an in-flight supervisor for KLM, her language skills and expertise equip her well for managing global training initiatives.
